Company Profile

Introductory Message

It is of great honor and privilege to introduce you (MMTC) Modern Medical Technology Co. We pride ourselves on providing medical services, handled by well experienced and professional staff with more than 10 years of solid experience in providing healthcare services kingdom wide.

People involved in medical healthcare products are more aware and concerned about the importance of high quality medical hospital equipment to their patients. Today, there are thousands of medical hospital equipment manufacturers and suppliers abroad due to increase of hospital buildings construction as well as rapid increase of demands in general.

Some latest unknown brands of medical hospital equipment available in the market today are too expensive with poor quality; So, high quality and competitive prices medical equipment are our main concern to supply and deliver to your doorstep with minimum delivery period for the benefits of your valued patients and end users.

Serving to healthcare institutions for the past 10 years is of great achievement. Sufficient and updated training seminars provided to some key senior staff and engineers abroad is of another strong and excellent advantage to continue serving to healthcare institutions for the benefits of the customers.

We thank you for giving us your valuable time to read this short message. We assure you of our best co-operation to continuous deliver high quality standard healthcare products and maintain professional services to our valued customers kingdom wide.

Very Truly Yours,

Othman Al Othman

CEO
